A key witness was Milton Young of Lewiston, Trinity County, who was wounded seriously in the affray in which George Bonn of San Francisco was shot to death.

Wolverines Travel To Davis After 20 To 0 Defeat Here

Jayvees Will Go To Reno Saturday To Meet Strong Team

Chuck Walker's Winnemucca High School Buckaroos moved into a first place tie with Lovelock in the Northern Nevada A Conference at Truckee Saturday by dumping the Tahoe Truckee Wolverines 20 to 0.

Actually the contest was closer than the score would indicate as the Buckaroos cashed in on two unusual advantages for scores. Winnemucca broke the ice in the first quarter when fullback Mike Bosch punched over from the five yard line for the tally and Paul McDonald added another point with his conversion kick.

From that point, the Wolverines set up a stalwart defense and managed temporarily to cripple the Winnemucca attack. But with about six minutes remaining in the ball game, Bill Donaldson pounced on a loose ball gone astray during an attempted punt in the Truckee end zone. McDonald's PAT kick was true and the score read 14-0.

Mike Dolan, 190-pound Winnemucca guard, broke the Wolverine line and blocked an attempted pass by Quarterback Joe Sheehan again in the end zone and hauled the pigskin to end the day's scoring.

Coach Tom Pendergast singled out Bob Jinks and Brian Calhoun as outstanding Truckee defensive men while Jim Daniels proved a big stopgap for the Buckaroos.

The local squad Saturday goes to Davis for a night game starting at 8 p. m. against Davis, while the local JV squad will be against the Reno JV in Reno at noon Saturday.

Jerome Coughlin, Official, Expires

A requiem high mass was offered Wednesday in St. Patrick's Catholic Church near Columbia Hill for Jerome C. Coughlin, 68, supervisor of the third Nevada County district for the past 23 years, who died in Miners' Hospital at Grass Valley Sunday after a long illness.

Governor Edmund Brown will be required to appoint a successor.

Members of the board of supervisors were honorary pallbearers at the services. Coughlin was a native of Nevada County and with the exception of the time he spent in the army during World War I as a machine gunner, spent his entire life in the Columbia Hill area where he engaged in cattle ranching.

Vallejo Man Wins In Second Week Of Big Buck Derby

With a 160-pounder shot in the vicinity of Squaw Valley, James F. Haskins of Vallejo is last week's winner in the Truckee Outdoor Sportsmen's first annual buck derby.

The award was a sleeping bag, air mattress, sportsmen's lantern, first aid kit and other items donated by the various merchants in the region.

This week's award will be a Weaver K4 rifle scope and a pair of Bauer binoculars, both on display at the Capitol Club. This prize will be awarded at 8 p. m. Sunday night.

Hunters are still vying for the grand award, the 308 automatic rifle which will be given away on November 6 at 8 p. m. when the derby will be concluded. Thus far, the 176 pound buck killed by Randy Burky of Sacramento is holding the lead but it is expected that this will be outweighed before the contest ends.

Everyone is entitled to enter the contest each week and the one bringing in the largest field-dressed buck will be awarded the weekly prize, with the largest buck of the season taking the grand prize at the conclusion.

Interest in the contest is mounting and each week sees a large number of hunters competing.

Following a tour of the base, the members will enjoy dinner before returning home, Rose said.

While details of the operation of the bus are yet to be worked out, Rose said it is planned to make it available on a non-profit basis to other local organizations desiring its use.

New Post Office For Truckee Will Be Erected Soon

Bridge Street Site Chosen For New Office For This Area

Senator Thomas H. Kuchel said today he has been advised by Postmaster General Arthur E. Summerfield that a new post office has been authorized for Truckee.

This announcement, the postmaster general advised, coincides with the optioning by post office department regional officials of a site meeting departmental requirements as to cost, area and location. The land under option surrounds the southwesterly corner of Bridge Street and Main Street East at Truckee.

"This new and modern postal facility," Senator Kuchel said, "will be constructed under the post office department's commercial leasing program, which utilizes the resources and investment funds of private enterprise to obtain needed postal buildings."

According to Richard T. Higgins, in charge of the Truckee office, bidding forms, specifications, and other pertinent data will be available to prospective bidders in the near future. He said the competitive biddings on the lease will insure that an equitable cost for the new building will be established.

"The option on the site," he said, "will be transferred to the successful bidder, who will purchase the land, and then will construct the building to post office department specifications and lease it to the department on a long-term basis."

Senator Kuchel said, "nationally, more than 450 new post offices have been built since 1953 under post office department's commercial leasing program."

"Because these postal buildings remain under private ownership while leased to the federal government, the lessor pays local real estate taxes."

"Furthermore," Senator Kuchel added, "because the buildings are constructed with private investment funds, capital outlays by the federal government are limited substantially to those for post office furniture and equipment."

The senator also pointed out that Postmaster General Summerfield indicated the need for replacement of 12,000 more of the nation's post offices because of lack of space and obsolescence. Congressional approval has been given the postal modernization program with 1602 new post offices scheduled to be built in every part of the nation during 1960.

"Making this announcement pleases me greatly," Senator Kuchel concluded. "The new post office will provide the citizens of Truckee with the latest in modern postal improvements, assuring patrons more convenient mail services as well as providing a much better place to work for our dedicated postal employees."

TAHOE CITY—North Tahoe
residents attending the meeting
of the Placer County Board of Free-
holders last week expressed a pre-
ference for one supervisorial dis-
trict for the area east of the sum-
mit if the county is re-districted.

The Tahoe portion of the county

ricting, said criteria being consid-

clude population, assessed valua-
tions, local district boundaries and

SURVEYOR TO RETURN PAYMENTS TO COUNTY

NEVADA CITY—The Nevada
County Grand Jury early Friday
Morning ordered District Attorney
Harold Berliner to "recover" ap-
proximately \$26,199 of \$32,709 paid
to T. H. McGuire and Sons during
the past 19 months that McGuire
has been county surveyor.

The decision followed a near
all-night session at which McGuire
and bookkeeper Ernest Hampton
both appeared. Al Borland was the
chairman of the special investigat-
ing committee, appointed by Grand
Jury Foreman Larry Quimby.

According to the district attor-
ney "nearly all the warrants were
improperly and inaccurately sub-
mitted to the county for payment."
McGuire informed the jury that
the difficulty arises from the fact
that he evidently had not been
properly advised in county warrant
procedure.

Most of the moneys are for draft-
ing of a county land parceling sys-
tem, authorized by the board of
supervisors at a cost of approxi-
mately \$100,000. The action taken
by the grand jury is more of a civil
nature to recover funds paid in an
alleged questionable manner.

McGuire said the questioned mon-
ey would be returned following an
audit and conference with the dis-
trict attorney. He said there was a
possibility that he may resign his

TAHOE TRUCKEE SCHOOL NEWS

TRUCKEE ELEMENTARY

KINDERGARTEN: John Hughes rejoined his former nursery school classmates last week. He returned from Grass Valley with his parents, Mr. and Mrs. John R. Hughes. When we started studying about autumn leaves we had some lovely specimens brought to school by Donna Rablin, Mary Kay Rose, Mark Ford, Mike McGlade, and Guy Souter.

FIRST GRADE: Class helpers for this week were: milk, Kathleen

Pendergast; leaders, Billy Stark and Ida Reichlin; flag, Sheri Sasarini; paint, Carrie McKinley and Cecil Burgess; money bag, Linda Vind and calendar, Sharon Eckerman.

SECOND AND THIRD GRADE: Deborah Jellin brought some rock specimens her brother Ricky had collected. Hundreds in spelling this week were earned by Karen Silverii, Joan Apple, Billy Fordham, Catherine Craig, Jimmy Peterson, Barbara Burgess, Bonnie Nyberg, Douglas Reid, Deborah Jellin, Lavon Mayer.

THIRD GRADE: Officers elected for the month of September were Chris Wiser, president; Jim White, vice president; Debby Jo Wurst,

secretary; and Diane Rose, treasurer. Monitors are: Nancy Raynor, Larry Simmons, Patrick Stark, Melanie Anderson, Virginia Strobel and Dale Daniels.

FOURTH AND FIFTH GRADE: One hundred per cents in spelling were earned by Mike Davis, Curtis Melugin, Elizabeth and Tamara Richards, Maryann Atkinson, John Clark, George Franceschini, Ryan Houlgate, Barry Waters, Karel Sauby, Gail Shackelford, Michael Kydd, Jennifer O'Bea and Jill Wurst. Steve Schooley, Richard Briley and George Franceschini had the neatest desks.

SIXTH GRADE: Mr. Higley's sixth grade had elections today. President is John Collier; vice president, Donny Whiteneck; secretary, Garee Lynn Stewart. Monitors picked by President John Collier were blackboard, Pat Merica; window, Bill Waters; wastebasket, David Derting; sink, Gail Englehart and Susie Olan.

EIGHTH GRADE: Wednesday, the 8th grade had mental maturity tests and Thursday and Friday we had achievement tests. Friday, the 30th of September, the 8th grade had a final test in spelling. The following people made hundreds in spelling: Pat Shane, Karen Schumacher, Chuck Spillner, Gary Sturcke, Brenda Blair, Marcia Lea-

mon and Judy McGwinn.

TAHOE LAKE

KINDERGARTEN: John Virus brought a tree toad to school to share with the class. Other children were able to add interesting information to John's story.

Billy Zehm was the first to succeed in the construction of the play school truck, without help.

Blair Beck constructed a play camera with the new bolt-it set. Blair made pretend pictures of Sonya Kimball and Lester Karcher.

The class is happy that Brad Jorgensen will put his crutch on the shelf next week.

FIRST GRADE: This week the first grade worked on using good manners. The following children did the best job of using good manners in their school room: Sheryl Walling, Carla Lentine, Clifford Plew, Arlene Orr, Jeri Sampson, Steven Merryman, Charlene Keen, Susan Lewis, Foster Mullen, Delane Matthews, and Karen Mullen.

FIRST, SECOND, THIRD COMBINATION: The first grade reading group will be starting their second pre-primer "We Work and Play" on Monday.

Vaughn LaTour and David Krakowiak in second grade made 100 in spelling.

Three third grade children also had 100 in spelling: Leslie Massey,

Gary Mullen and Sandy Poulson.

Bernie Ahrens and Sandy Poulson brought in large maps of the world. In this way we can identify the places we read about in the news.

SECOND GRADE: The children are busy learning about the sun, and the planets. Several children made 100 per cent in their fifth spelling test. Everyone seems to be doing a very good job in their arithmetic, and other subjects. Most of the children are doing a fine job in beginning the first three weeks of school.

THIRD GRADE: The third graders in Mrs. Long's room are finding that settling down after a pleasant summer is not too difficult. After three weeks the class has found that they haven't forgotten what they had learned in the previous grades. Ricky Holley, Peggy Hoff and James Long, to mention but a few, came out with flying colors when they reviewed their fractions this week.

FOURTH GRADE: The following children received hundreds in the weekly spelling test: Cheryl Bechdolt, Eric Poulson, LeRoy Hammer, Greg Hill, Ann Wincenciak, Andrine Kehlet, Mary Calhoun, Dick Zehm, Linda Grace, Camille Shirley, Dennis Scoville, Kith Mockaitis, Mike Cannon, Kitty Wertz,

Meredith LaTour, and Calvin Bechdolt.

FIFTH GRADE: Dictation for this week was taken from the social studies rather than the speller. Results were outstanding with the number of 100 arriving at seven followed by four scores of 99. Those proud top seven were Anne Starratt, Joan Duttweiler, Anna Marie Connors, Dianne McBride, Tommy Easterly, Breesie Cross and Ernie Marier.

SIXTH GRADE: Those receiving "A's" on Friday tests were: spelling: Stephen Mayhew, Ralph Stromgren, Roger Kahn, Darlinda Stark, John Caulkett, Terry Stimson, Gary Taylor, Tom Stephanie, Raul Sullivan, Kathy Coster, Jimmy Bechdolt, Larry Moustris, Georgianne Luffy, Leigh Swigert, Lynn Harper, Holly Wall. Science: Kathy Coster, Georgianne Luffy, John Carnell, Dick Pomin, Lynn Harper.

Reading: Terry Stimson, Roger Kahn, John Caulkett, Holly Wall, Leigh Swigert, Lynn Harper, Kathy Coster.

SEVENTH GRADE: A's in reading were: Ann Duttweiler and Jerry Jorgensen.

Those who earned A's in arithmetic were: Cathy Connors, Joyce Anderson, Julie Bechdolt, Alex Cushing, Lyn Dutton, Judy Ingram, Karen McBride, Dick Neilsen, Steven Rodgers.

Spelling 100's included: Joyce Anderson, Julie Bechdolt, Cathy Connors, Alex Cushing, Lyn Dutton, Ann Duttweiler, Cheryl Flory, Judy Ingram, Karen McBride, Kristin Meixner, Kai Smith, Kathy Wilson, Jerry Jorgensen, Steven Rodgers, Bob Tuchsens, and Barney Wertz. Jerry Jorgensen, Bill Otts, Jake Obexer, Dick Nielsen, and Chris LaTour brought models from their

collections to display.

SEVENTH GRADE: Top pupils in arithmetic thus far in the semester are: Michael Thomas, Jill Lyons, Rod Hill, Tom Ruhkala, Ann Skerry, and Jean Hallifax. Another quiz was given today, results should be forthcoming.

Showing promise in the social studies are: Becky Gorgias, Jean Hallifax, Cynthia Chandler, Virginia Laughlin, Ann Skerry, and Mike Thomas.

Major Jones, formerly of Tahoe City, has been transferred to Napa. Major is with the Pacific Telephone Company.

After a recent meeting with Mr. Harold Davis, American Red Cross field representative, Mrs. Marie Henry and Mrs. Louise Geier have announced a proposed reorganization of the local Red Cross area. Under the proposed set-up, Tahoe City would be headquarters for the new Sierra Nevada American Red Cross branch. The branch would embrace all five counties bordering the lake and each would be represented by local directors. Chapter headquarters in Reno, Nevada would take in Truckee, Lovelock, Fallon, Sparks, Carson City and Minden. Mrs. Henry, Mrs. Geier and Mr. Davis emphasized that there will be no added administrative costs with this new plan and that local workers would still be volunteers and work out of their homes and businesses. At the same time, the handling of funds for service programs and the drawing of money from the revolving fund for disaster programs would be expedited. Mrs. Henry is the local volunteer director of the Placer Area Red Cross and Mrs. Geier is the local volunteer fund chairman.

Mr. and Mrs. A. K. Miller entertained Mr. and Mrs. Clark Gable and Mrs. Alexander Cushing at a luncheon at the Millers residence last Monday.

Mr. and Mrs. Dinty Moore will celebrate their 33rd wedding anniversary on Saturday, October 8.

Mrs. Ivy Browne returned last Sunday from a two week vacation trip. She visited her son and family the Marvin Mendoncas, in Alameda, and then went deep sea fishing in Ensenada. Her record catch was an 18-pound yellowtail (of course, a bigger one got away). Mrs. Browne is moving soon to her new studio apartment on Cedar Street in Tahoe City.

A very gala affair was the annual deer hunters' party held at the Robert Pomins last Saturday night. The highlight of the evening was the big dinner featuring deer liver. Celebrating the event were Carl and Elsie Bechdolt, Bernie and Bill Bechdolt, MaryAnn and Bill Connors, Betty and Dave Karcher, Phyllis and Herb Beck, Dutch and Walt Kinke, Becky and Jay Shontz, Pat and Pete Vanni, Marshall Ruhkala, Felix Torrey, Duane and Pete Perata, and Mr. and Mrs. Bob Phelps. Mr. and Mrs. Martin Spitsen, charter members of the group, were unable to attend. The group celebrated the wedding anniversary of Elsie and Carl Bechdolt at the same time.

STRIKES & SPARES

BY JOE WILMAN

SYNCHRONIZE YOUR BODY MOVEMENTS

Unless you have correct and consistent arm swing and footwork, you cannot develop good timing.

When you have good timing, you have synchronized the movements of your arms, shoulders and hands with the movements of your hips, legs and feet to produce a rhythmic, continuous motion in your stance, approach and delivery.

A mistake anywhere along the line, in either your footwork or your arm swing, will foul up your timing. Timing means coordination. It is the end result of a number of separate actions which have meshed together.

When I have good timing, I'm not conscious of any strain in releasing the ball. I don't feel as though my arm is delivering the ball at all. It's more the act of my entire body. Check the illustration to see what I mean. Likewise, when I feel arm strain in delivering the ball, I know that somewhere along the line I made a mistake which fouled up my timing. Then, I check back to see where the mistake occurred so I can correct it.

Good timing means good footwork, good arm swing, good delivery—and good results!

WEATHER

Very nice for the past week with gorgeous sunsets.

SEPTEMBER CLUB

Had a delightful gathering at the Dunes with John Garendo's wife as excellent hostess. These meetings were first organized years ago by Doug and Addie Free.

BIRTHDAY

The Crystal room was the scene of a happy birthday celebration for Drexel Strahm. Those present were Harvey and Babe Klitzke and of course Warren Strahm who has just retired from the telephone company. Sam and Audrey Harrison and the Charrisons were also present. Think we said before that this fine couple are new neighbors of ours. We hope their new house and community will be enjoyable and happy for them.

OUR SYMPATHY

Another dear friend passes on, Madeline Hord, sister of Sophie Medema, a former resident of Brasie Ave., Kings Beach. She was a friend of ours for several years.

ANDERSON'S, MIKE'S TIED IN SNOBUNNIE BOWLING AT LAKE

KINGS BEACH—Anderson Construction Company and Mike's Floor Covering tied for first place last week, with Goodfellows Coffee Shop in second and Fred Baker Excavations third, in the SnoBunnie League at Kings Beach Bowl.
High team game and high team three game series were won by the same teams in the following score:

At the time of her passing, she was postmaster at Johannesberg, Calif. She was 48 years old and one of those sweet girls that was loved by every one that knew her. Beverly Williams of Brockway was her niece.

SHORT STAY

Glad to see Michael Robinson home for a few days from Fresno where he has been staying with his brother Craig and his wife, Mike. I hear he is doing remarkably well with his studies, also at baseball practice. If he keeps going ahead, he will soon catch up with his brother Craig. They celebrated Shirley's birthday Sunday with Robby and Gwen and Babe and Jack Taylor, Shirley's parents.

BACK TO BUILDING

People from way back have asked what we get for the taxes we pay. Well the beautiful building that was dedicated Friday was one of the answers. Too bad more were not interested enough to attend, as it is owned by you taxpayers. You should come down to court and while there, see the rest of the building. You will get a surprise. My wife had more fun showing people the cells and then closing the door on them. L. L. Anderson cut the ribbon. Refreshments were served to the delight of everyone. In the middle of the celebration, the highway patrol brought a drunk driver into court.

1st Place, Fred Baker Excavation, 751 and 2086; 2nd place, Mike's Floor Coverings, 715 and 2024; and 3rd place, Goodfellows Coffee Shop, 713 and 1980.

High individual single game went to Leonore Vind this time with 199 and Edith Mullis scored 194 for 2nd place, Pearl Martin 3rd, with 189. High three game series, Pearl Martin, 532, Leonore Vind 2nd, 532 and Edith Mullis 3rd, 482.

The Skirts and Shirts League, a mixed doubles were off to a good start with twelve teams registered. They were sponsored by Tahoe-Truckee Fuel Co., Donner Trail Real Estate, Tahoe Bowl, Crystal Bay Club, Tahoe Truckee Insurance, Hales Drug, Donner Lake Appliance, Sierra Construction Co., U Save, Austin Wood, Cedar Glen-Horseshoe and Kings Beach Bowl. High game in their first week went to 1st place Tahoe Truckee Fuel, 661 and high series, 1912, 2nd place Donner Trail Real Estate, 586 and 1626. This is a handicap league.

Winners in last weeks Tuesday Men's Handicap were 1st place in high game and high series, Skeets Builders 787 and 2282, 2nd place Smart's 812 and 2359.

Sunday Service League game was again postponed on account of the golf tournament. They will start next Sunday, it is planned.

Thursday Scratch Trio was off to a good start with leading teams tied for 1st place, North Shore TV and Freddie Mobile, 4 wins and 1 loss. High team series and high game went to Kings Beach Bowl with 2036 and 569. High individual game was won by Lou De-

SERGI NAMED HEAD OF LAKE REALTORS

KINGS BEACH — The annual dinner meeting of the Tahoe Sierra Board of Realtors was held at Crystal Bay Club on September 28.

One topic under discussion was so-called over-priced property and it was suggested a committee be appointed to make recommendations to the sellers.

A motion was made that retiring members of the board be given honorary life memberships. Harry Stubby and A. J. Ketman, two retiring members were so notified. Balloting to replace the two was held and Hank Dodd and Earl Washburn were elected as new board members.

Earl Gray, representing the Tahoe Sierra Chamber of Commerce gave a talk on chamber activities and the work done during the past two years.

Tom James, president of the chamber also gave a talk and suggested that board members take out memberships.

James Sergi was elected as president and Earl Gray as vice president for 1961.

Vincenzi, 236 and high individual series Ray Gawronski 790.

Sunday Men's Handicap also started with Kings Beach Bowl in first place, 3 wins, no losses. Cedar Glen Lodge and Tahoe Inn tied for 2nd with 2 wins and 1 loss each. High score and high series went to Bob Rigg with 222 and 590.

JUNIOR FIREMEN AT TAHOE IN TRAINING

TAHOE CITY—Of great interest to the community is the junior firemen training program being set up in Tahoe City under the auspices of the volunteer fire department.

The program was started last year with boys of the seventh and eighth grades and was so successful that it is being enlarged this year to include boys in the fifth and sixth grades. Part of the boys will be receiving advanced training while the others will receive beginning instructions in fire hazards and proper control methods.

Fireman George Kunges is in charge of this program and he is being assisted by Fireman Bill Keehn.

DONNER DOINGS

By VIRGINIA O'BEAR

I'm wondering how many are enjoying the Indian summer weather we have been having lately with just a cloud or two now and then and an occasional drop of rain. I think with the exception of winter when everything is covered with snow, this is one of the most beautiful seasons at Donner Lake.

Miss Clarita Richards left last week for Utah where she will complete her senior year in college. She was accompanied by her mother, Mrs. Jay Richards who spent a few days with her helping her to get settled and also visited relatives. Jay and Dennis left last Friday to visit and bring Clarice back home this week.

Mr. and Mrs. William Stark and sons have moved into Truckee and I'm sure everyone will miss them, especially Tim, Terry, Patrick and Billy. They will miss Donner Lake but since it is closer to Bills work, they feel it will be more practical with winter coming on.

Mr. and Mrs. Milan Wight and family were up over the weekend from Concord and rented their cottage to Jim Wentz. Jim is the bridegroom to be of Lavonne Lund and the pair will live in the cottage after their wedding around Christmas time.

My daughter Jennifer had a very enjoyable day last Saturday when she went to Sacramento with her dance instructor, Renee Hall. Jennifer, along with the Tapia Twins and Renee, auditioned for the Bill Rase Show and will be doing dance numbers sometime in January. Renee and the twins were on the Bill Rase Show last Saturday from 4 to 5 p. m. and many missed the show as it was originally scheduled for 5 o'clock. Among the guests being interviewed in the audience was Jennifer and she came home thrilled because she had met Bill Rase.

Doris Davis will be leaving Donner Lake next week to return to her home at Sebastopol. Doris comes up every summer to work

ELECTRONIC LARYNX INTRODUCED IN AREA

A new voice for the voiceless was introduced in this area this week by Pacific Telephone.

The new device—called an electronic larynx or "voice box"—is being introduced throughout the nation by Bell Telephone System as an aid for an estimated 25,000 persons who have lost their power to speak.

Officials said the new voice will help the person whose larynx has been removed or paralyzed, and who has not been able to master esophageal speech.

Because many persons cannot master this form of speech at all, or because those who can may lose this ability from time to time, the electronic larynx provides a substitute for the sound of vocal chords.

It is believed that rice was cultivated in Virginia as early as 1647. Lake Tahoe is one of the largest, high mountain lakes in the world. President George Washington never lived in the White House. Lieut. Charles Wilkes discovered the Antarctic Continent in 1840.

I had a chat with Dollie Harris this week and her many friends will be happy to know that she is feeling much better. She still has to take it easy as she has to wear a brace for her back for another six months.

Things are very noisy out our way but that is progress for you. The construction on the new highway is in full swing with two shifts working and you can see and hear the trucks and equipment day and night. I understand they plan to continue work after it snows so we will have much activity for awhile.

The ladies auxiliary members who are on the Halloween potluck committee will meet at the home of Mrs. Richard Walker on Tuesday evening, October 11, at 8 o'clock. Last minute details will be worked out so it will be an enjoyable affair for the firemen, auxiliary members and their families. The next board meeting will be held at the home of Mrs. Rex Reid on Monday evening, October 17, at 8 o'clock. There will not be a regular dinner meeting this month as the Halloween potluck will be held instead.

I hope all Donner Lake property owners will appear at the hearings at the court house in Nevada City in regards to zoning Donner Lake. A lot of time and effort has gone into this preparation which the people have asked for so it would be good to back up the committee since they have worked so hard to make this possible. The meetings are to start at 7:30 in the supervisors room of the court house and the dates are October 10 and 23.

On October 18 the results will be announced in regards to the hearing on the proposed water rate increase. Many will be interested on the outcome of this trial which was held at Donner Lake Lodge some time ago.

By LLOYD W. GAY

MARIN COUNTY SKI CLUB

The Marin County Ski Club has begun construction of their long-planned ski lodge on a site just up from Soda Springs on the south side of U. S. 40. The club, which has been renting a lodge in the Kingvale area, plans to complete the new lodge as a cooperative project in time for the 61-62 season.

CHURCH MEMORIAL

The Toyiabe Chapter of the Sierra Club dedicated a memorial plaque to Dr. James E. Church of the University of Nevada for his pioneer work in developing the concept of snow surveying and water supply forecasting beginning in 1895. The dedication, held Sunday on the 10,880 ft. elevation of Mount Rose, the site of most of Dr. Church's experimental work was attended by 53 persons, including Sierra Club members and the interested public, who made the four-mile trek. A sudden snow flurry, the first of the season and perhaps symbolic of Dr. Church's beneficial work, swirled about the summit during the presentation ceremony.

SKI INN OPENS

The Ski Inn opened for the season at Norden on Saturday night as new owner Pat Jinks was host to a open house and buffet for an estimated 150 guests from the summit area and the valley.

SNOW LABORATORY

After three years at the Central Sierra Snow Laboratory, Allan and Joyce West departed for a new assignment with the Pacific Southwest Forest Experiment Station in Berkeley. Al will be analyzing data gathered during the past three winters on snow accumulation and melt. During their period in Soda Springs, Al served as president of the Community Club, Joyce (a Canadian by birth) became a naturalized American, and both of their young sons Chris, two, and Mike, six months, were born in Truckee. Wests many friends in the community will hate to see them leave. Lloyd Gay will succeed Al West as officer in charge of the Snow Lab. Eleanor Johanson will work as laboratory secretary. Eleanor is no stranger to the snow research program, as she assisted Dr. James E. Church of the University of Nevada in the snow research program at Soda Springs that preceded the establishment of the present snow laboratory.

CLUB ELECTION

The Community Club nominating committee, consisting of Zona Madden, Betty Aro, Frank Zoll, Max Williamson, and Al West, has se-

lected a well qualified slate of candidates to guide the Community Club during the 1960-61 season. The candidates will be presented for election at a future club meeting, and the floor will also be open for further nominations at that time. The candidates as submitted by the committee are: for president, Wade Hampton, and Dick Reed; vice president, Ed Coltrin and Vince Lyddane; secretary, Marion Allyn and Kate Zoll; treasurer, Pete DeWitt and Francis Drago; and for the board of directors, to be made up of five members and school Principal Rex Anderson, are Bill Cannon, Dorothy Bacon, Herb Fredericks, Carl Levy, Paul Madden, May Williamson, and Frank Zoll.

WATER CONFERENCE

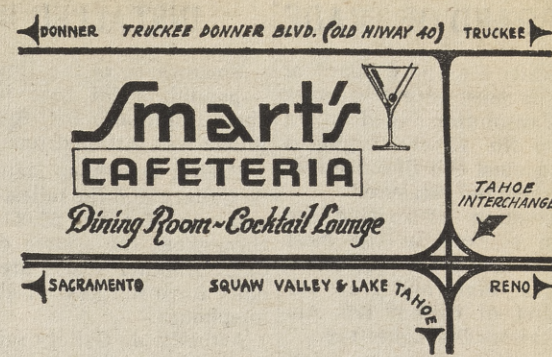

The fourteenth annual Nevada Water conference brought over 100 administrators and technicians concerned with the development of western water resources into Carson City for a two-day meeting. Lloyd Gay attended from the snow lab.

DEATH IN FAMILY

Mr. and Mrs. Carl K. Levy of Norden were called to Berkeley by the sudden death on Wednesday of their brother-in-law, M. E. Kern of the Berkeley Police Department.

The University of California has eight campuses throughout the state.

PROPOSITION 15 HIT BY BOARD OF TRADE

The Nevada County Board of Trade at its most recent meeting adopted a resolution "condemning Proposition No. 15 and urging a 'NO' vote against this ill-conceived, politically inspired measure."

The resolution branded the proposition as "one of the most dangerous measures ever presented to California voters and grew out of the thirst of certain Los Angeles supervisors for higher taxes."

In other action the group voted the annual \$400 annual dues to the California State Chamber of Commerce.

FRONT PAGE HOME BUILT BY VAN WETTER

The Squaw Valley home of Dr. and Mrs. Bernard L. Diamond of San Francisco was a front page feature of the Chronicle Bonanza section, picturing and describing the attractive edifice.

The chalet type house was designed by San Francisco architects Anshen and Allen and Lee Van Wetter of Squaw Valley was the builder. One of six houses to be featured in the next year, judges said it combined the many features wanted in a mountain home.

60 MILLIONTH PHONE INSTALLED BY BELL

Somewhere in the United States—possibly right here in Truckee—the 60 millionth Bell System Telephone was installed today.

Pacific Telephone Manager L. R. de Gallery said the milestone phone was one of about 55,000 installed throughout the system during the day. Another 46,000 are removed daily for a net gain of about 9,000 telephones.

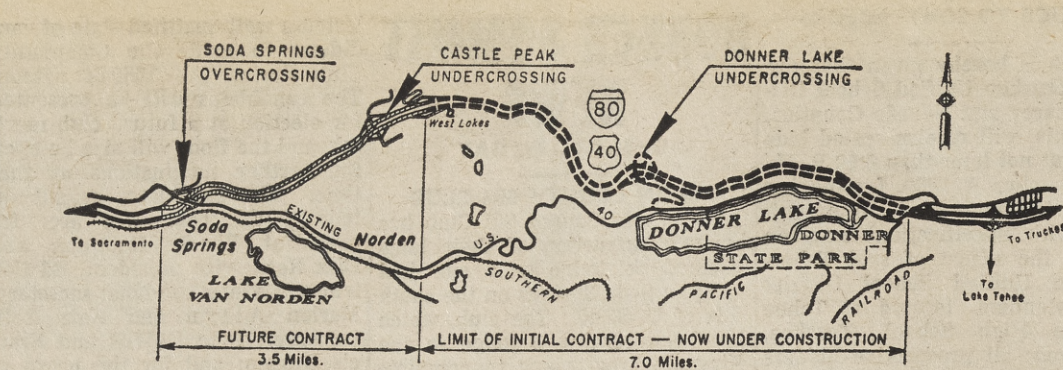

Actually, de Gallery said, American telephone population is now more than 73 million. The additional 13 million instruments are operated by some 3,500 non-Bell System Telephone Companies.

The 50 millionth Bell System phone was added only three years ago. The system has gained more than 24 million telephones in the past 10 years, de Gallery said.

Meanwhile, he noted, as Americans have been getting more telephones they've been using them more. In 1950 the average person in this country placed fewer than 400 calls per year. Today he places more than 500.

Inspector Visits—
Inspector E. F. Cassell of Sacramento paid an official visit to the Truckee office of the California Highway Patrol this week.

The first satellite of Mars was discovered by Asaph Hall at the Naval Observatory in August, 1877.

The above map shows the route of the high-Sierra summit crossing of the U. S. 40 freeway now under construction west of Truckee. The new alignment will replace the present Donner Summit highway.

BROKEN LINES indicate the seven-mile excavation job which got underway in July after a \$7,500,000 contract was awarded to low bidders Briggs & Conley of Redding.

HATCHED LINES indicate the 3.5-mile remaining section which is expected to be let for bids next year.

SOLID LINE indicates the existing highway.

Under current planning the total 10.5 miles is to be let for surfacing under a third contract following completion of the excavation and interchange structures.

The overall project is expected to require at least three construction seasons to complete, possibly four.

When completed the four-lane divided facility will close the gap in the interstate freeway between Soda Springs and the east end of Donner Lake, about two miles west of Truckee.

Interchanges will be located at Soda Springs, near Castle Peak, and above the west end of Donner Lake.

Initial work on the currently going contract includes clearing, excavation, and drilling and blasting of large cuts in the nearly solid-rock spine of the Sierra-Nevada range.

Recent forest fires in the region stopped progress temporarily when the contractor's men and equipment were borrowed by the forest service to fight the blaze. Today work is full scale at an increasing tempo as more men and machines are brought onto the job.

At its farthest point the new high-altitude freeway will travel nearly two miles north of the existing highway, and will be over 100 feet higher (elevation 7,135 vs. 7,239). The new alignment with its gentle, sweeping curves is located to avoid the high-velocity winds (up to 90-mph) often encountered on the present route, and will permit efficient snow removal.

At the top of the grade six lanes will be provided to avoid congestion due to slow-moving trucks and other vehicles.

The massive undertaking, with an estimated total cost of \$17,000,000, is the latest in a series of freeway projects in recent years that will convert all of U. S. 40 also a part of Interstate 80—to full freeway status.

On the 125-mile stretch between Sacramento and the state line, a total of 90 miles of freeway and expressway is open to traffic, most of it completed in the past three years. Five sections were finished in 1959 alone.

The 13 miles between Monte Vista and Emigrant Gap are under construction with nearly eight miles possibly open to traffic later this year and the remainder next year.

The 11.5 miles from Emigrant Gap to Hampshire Rocks is in the final design stage. Construction funds may be budgeted in the next four or five years.

Responsible for the supervision of the mammoth summit job for the state division of highways is freeway construction veteran Leon Hawkes of Yuba City, resident engineer, who leads an engineering staff of 20 men. George Hansen of Willows is assistant resident engineer.

featured in the Bible selections which include his admonition concerning the "corrupt tree (which) bringeth forth evil fruit" (Matt. 7:17). The subject of the Lesson-Sermon is "Are Sin, Disease, and Death Real?"

This correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will follow (343:14): "Jesus strips all disguise from error, when his teachings are fully understood. By parable and argument he explains the impossibility of good producing evil; and he also scientifically demonstrates this great fact, proving by what are wrongly called miracles, that sin, sickness, and death are beliefs—illusory errors which he could and did destroy."
